DAILY EAST OREGONIAN, PENDLETON, OREGON, WEDNESDAY EVENING, SEPTEMBER 20, 1922

By HENRY L. FARRELL,

(United Press Sports Editor.) NEW YORK, Sept. 20 .- (U. P.)-

NEW YORK, Sept. 20.—(U. P.)—

General opinion rates professional baseball as one of the best paying sports for athletes. Some mistaken notions, however, Some mistaken notions, however,

One might have the opinion that

brought out how little Comissey was paying his stars and Phil Douglas recently claimed that he was getting only \$6500 before he was banished

from the New York Giants.

Douglas was the best pitcher in the National League, and if his salary was the standard for the best players in the league, the players have good rev-

ount of the real salary paid to the stars to be published and circulated.

It was generally believed that Bahe Ruth was getting close to \$100,000 a year from the Yanks, until Ban Joanson let the information slip out that he wasn't getting half that sum.

Salary disputes are not the only grievances behind the organization of the players' union. The men who are making the game good for immense the city of Landshut, who had had a profits to the club owners object to good quantity of heavy Munich beer the form of the contract which doesn't after his day's work, went to bed, fell give them a chance and they also fast asleep and awoke next morning kick against conditions which make with his false teeth stolen out of his them virtual slaves.

4. 4

Specific instances are cited where good ball players have been transferred out of the major leagues to be ster up a minor league club in which

Some mistaken notions, however, good players now in the minor leagues are spread regarding the big salaries who could get Jobs on several clubs if paid to ball players, according to Rhy J. Cannon, who is helping the players working agreement" were not to form an organization. Cannon rays that the average salary of the professional baseball player is to the minors and is causing him to

stay there.

It is understood that all the regular One might have the opinion that most of the players were getting of players of the New York Glants have least \$5000 a year if the yelps of the club owners were taken at face value.

During the White Sox expose it was Reds and a generous representation of

> Picking and drying prunes started last week in the Willamette valley. The prunes are said to be of excellent quality and will dry heavier than in revious years.

Councilman Levy has been named as mayor of Union following the re-

What does food economy mean to you!

DOESN'T it mean good living at low cost? Foods that are "short" in nourishing value and "long" in waste are never economical.

The food, Grape-Nuts, is economical to the last serving in the package, because every golden-crisp granule really contributes to body-building.

Grape-Nuts offers the sturdy nutriment of wheat and malted barley in unusually compact form-a comparatively small amount providing exceptional nourishment. The 12ounce package contains about 16 servings - costing about one cent each.

Every bit of Grape-Nuts is real food, uniquely free from the bulky waste found in many other food products.

Made from whole wheat flour and malted barley, Grape-Nuts has the benefit of 20 hours baking which so modifies the starch of these grains that easy digestibility naturally results.

Eaten with good milk or cream, Grape-Nuts is a complete food, which creates energy without taking away energy. And the gradual, daily accumulation of power is the greatest of all food economies, since reserve energy is what counts most, either in the sudden emergency or the long grind.

A food for economy-a food for health!

And a food with a charm of flavor all its own

"There's a Reason".
